Consumer Notes: Bulging muscles and fast paced action are this month's theme! To kick things off, Kenshiro is back with a vengeance in DVD 5 of *Fist of the North Star*! Fists will fly, heads will explode, and chaos will ensue! If you're looking for something to add to your holiday lists, don't miss out because Rurouni Kenshin has never looked better than its latest incarnation. It's a beautiful bento DVD box set containing the entire first season! Lastly, teen-idols have always been the target of criticism — but have you ever seen a teen idol that could bend steel bars with her bare hands?! Look for Assemble Insert to show you that all a true teen-idol needs is power!

ANIMANIAC'S PICK(S) OF THE MONTH

Well, this month we say goodbye to one of Pioneer/Geneon's longest running hit series, Cardcaptor Sakura. But this month gives a perfect ending for everyone's Cardcaptor collection with the release of both the final volume of the TV series and the Cardcaptor Sakura Movie 2. Don't worry, for there are more good series on the way! One highly-anticipated title is Someday's Dreamers where you'll be swept away with 15 year old Yume who is doing her best to learn to become a real mage. But her kind hearted attempts to repay people with magic might just land her teacher in serious trouble! And if you're looking for something truly spectacular on the animation front, check out Gonzo's Last Exile. Soar along with the Claus and Lavie through amazing visuals as their dream of passing through the Grand Stream entangles them in a ceaseless war between two mighty countries.
